

## **DISTRIBUTOR GUIDELINES**

To be eligible for Distributor Pricing you will need to agree to purchase a minimum of four (4) Slant Board Cases (12 boards per case) within a calendar year. The calendar year starts at the signing of the Agreement. The unit cost per board will be \$22.50 per board.

We will ship to you in Case quantities, as needed the amount of Slant Boards you require when you request them. Additionally we will only charge you for the boards you take delivery of plus shipping and handling. We offer some of the lowest shipping rates available. This will save you the need to store a large amount of Slant Boards yet receive the benefits afforded the lower price of a larger purchase.

You will be required to provide Credit Card information for Visual Edge, Inc. to keep on file and authorized Visual Edge, Inc. to charge that Credit Card for the Slant Boards delivered to you throughout the calendar year. Once again, you will only be charged on the day of shipping for the amount of Slant Boards you requested to be delivered plus S&H. At the end of your calendar year if you have not already received at least 4 Cases you will be shipped and charged for the remaining Case(s) to meet the 4 case minimum.

Call or email now to find out how you can save by becoming a Distributor.
